2021/403 **ELDC Local Plan Consultation** – The consultation closes next week and the meeting discussed the various options which are available. This will decide the housing in our district for the next 5 years. Rural developments need to take place and not just along the coast. There are 7 major settlements in the current local plan, which will get the major developments. The Environment Agency Flood Risk plans affect Tattershall and it would be good to submit something to the consultation. The options include inland and coastal split, no split in development and no difference between inland and coastal. Members discussed social housing and natural infill, possible sites including the Willows Estate land. We need to present a coherent response to the district council, however individuals can respond as well as the parish council. NB encouraged members to take part in this consultation.
